

Order Code :21224945.2.2
Name :Universal Hardness tester

Specifications:-

- Auto loading but by using uomputer with software we can get result
- Three different machines require
- Variable test sequence timing from 1 to 50 s
- Nose mounted Indenter for improved test point visibility and access to hard to reach test points
- 4 points of calibration, including hysteresis, in the manual machine 2
- Workspace up to 250 mm high enables large workpieces to be tested
- Providing Three Different Machines
 1. Rockwell Hardness
 2. Brinell Hardness
 3. Vickers Hardness

Note: Specifications are subject to change, Photos shown above are Indicative, Actual Product can Vary.
