

Order Code :21224945.2.7

Name :Electrically Heated Compact Muffle Furnace with controller R7

#### Specifications:-

- **Description** :We are offering Industrial Muffle Furnace.
  - Heavy duty exterior finish in epoxy blue powder coated shade.
  - Light weight being use of high thermal efficient ceramic insulation.
  - Selection of temperature controller energy regulator, solid state digital controller or microprocessor based dual digital indicating controller.
  - Solid state output fuse removes power to heaters if unit exceeds maximum temperature.
  - PID based microprocessor controller.
  - PTPTRH sensor is also available
  
- **Technical details**
  - Material Loading Capacity (T) 1.1 Ton
  - Power Source Electric
  - Voltage 230V AC
  - Power Consumption 2 kW
  - Phase Single Phase
  - Frequency 50 Hz
  - Material :MS
  - Working Temperature :960 to 1400 Degree Celsius
  - Usage/Applications Industrial

*Note: Specifications are subject to change, Photos shown above are Indicative, Actual Product can Vary.*
