

Features:

- High safety, manual unlocking, convenient descending operation, hydraulic and electrical components, no oil leakage, low noise, durable.
- It adopts mechanical, hydraulic and explosion-proof valve safety devices, and adopts a low-rise gantry structure, which makes it easier to work under the car, and 24V controls the operating system to avoid the danger of high-voltage electric shock.
- Using steel wire balance system, the equipment is stable and reliable.
- There is an anti-collision top safety protection rod on the top, and the equipment is safe and reliable.

Specifications:

- Power supply: 380V or 220V optional
- Power: 2.2KW
- Lifting weight: 4 tons
- Lifting height: 1850mm
- Motor power: 2.2KW
- Height of the whole machine: 2800mm
- Rated oil pressure: 0.8Mpa
- Dimensions: 2800*1000*800MM
- Weight: 750KG

Note: Specifications are subject to change, Photos shown above are Indicative, Actual Product can Vary.
