

**Specifications :**

- LM7815 is a fixed-voltage integrated-circuit voltage regulator designed for a wide range of applications. 7805 voltage regulator provides 15V Positive voltage as output to provide a convenient power source for most TTL components.
- 15V Positive Voltage Regulator
- Minimum Input Voltage is 17V
- Maximum Input Voltage is 35V
- Output Current: 1.5 A
- Internal Thermal Overload and Short circuit current limiting protection is available.
- Junction Temperature maximum of 125 degree Celsius

*Note: Specifications are subject to change, Photos shown above are Indicative, Actual Product can Vary.*
