

Testing batteries and starting/charging systems is fast and easy with the 29651 from Tesca!

The 29651 is the benchmark in battery testing, and is designed for testing all types of 6V and 12V starter batteries, including lead-acid, gel and fleece batteries/AGM. The rugged, exterior housing is specially designed to survive the harshest workshop conditions and molded perfectly for one-handed operation.

The load free test procedure provides fast, precise and reliable measurement results between 100 and 2000 CCA. In addition to CCA, the BAT 131 can also measure and display to CA, MCA, DIN, SAE, EN, IEC and JIS standards.

FEATURES

Designed with the technician in mind, the button layout and housing allows for one-handed operation.

- ❶ Keep customers loyal to the shop with the coupon feature that allows the shop to have customized coupons print at the end of the customer printout
- ❷ 9-foot replaceable cables with Kelvin clamps stay flexible in cold weather during battery and starting/charging system diagnosis

Easy to use menu

Test batteries that are installed in or removed from the vehicle

Optimized test algorithm for testing new batteries that are in stock or never been installed

Extended test of the starting/charging system for 12 V and 24 V batteries

Optional amp clamp upgrade for more extensive starting/ charging system testing

Integrated printer provides easy to read printouts and can be customized to display your shop's name, address, telephone and website

USB port for transferring and storing of test results onto a computer

Flexible platform allows for future upgrades

SPECIFICATIONS

Nominal Battery Voltage	6 V and 12 V battery test	Service Activity Counters	Yes
Application	Pass. car / light truck / SUV; Group 31; Commercial 4D/8D; Motorcycle; marine; lawn and garden	Voltmeter Function	Yes
Types of Batteries Tested	Regular flooded, AGM (flat plate and spiral), Gel	USB Port for Downloading Last 100 Tests	Yes
Battery Rating Systems	CCA, CA, MCA, JIS, SAE, EN, DIN, IEC	Customized Header for Shop	Yes
CCA Test Range	100–2000 CCA	Coupon Function	Yes
Starting and Charging System Test	12 V / 24 V	Menu Languages	3 languages (English, French, Spanish)
Specific Algorithm for Checking In-Stock Batteries	Yes	Dimensions (mm) (inches)	270 mm x 113 mm x 50 Mm 10.63" x 4.45" x 1.97")
Integral Printer	Yes	Weight (g) (ounces)	app. 700 g (app. 24.70 oz)
Date and Time Stamp	Yes	Temperature	(°C) (°F) 0°–40°C (32°–104°F)

Note: Specifications are subject to change.
