

Information:

For Water absorption and specific gravity test of aggregates.

With Density basket, water tight cylinder and electronic balance of 10 kg x 0.5 gm sensitivity. The balance will be with under hook weighing arrangement and will be mounted on suitable table to facilitate the test. The Water tight container will be mounted on a mechanical jack, which will facilitate the up-down movement of the container for weight in air and water.

Overall Dimensions : 520 X 470 X 900(L X W X D) mm

Net weight (in kg) : 35 kg

Note: Specifications are subject to change.
