

**SPECIFICATIONS:-**

Square Drive Hexagonal Socket Set 3/4 inch

Sockets - 22, 24, 27, 30, 32, 36, 38, 41, 46, 50

**Description**

The 3/4 inch Square Drive Hexagonal Socket Set is a comprehensive set of tools designed for professional and DIY use. This set comes with 10 sockets and 4 accessories, making it suitable for a wide range of applications.

**Features**

- The set includes a range of socket sizes, from 22mm to 50mm, to cover a wide range of bolt and nut sizes.
- The sockets have a 3/4 inch square drive, which is compatible with most ratchets and handles.
- The sockets are made of high-quality chrome vanadium steel, which is known for its durability and resistance to wear and tear.
- The sockets have a hexagonal shape, which allows for a greater grip on the bolt or nut, reducing the risk of slippage and damage to the fastener.
- The set also includes four accessories: a sliding T-bar, a universal joint, an extension bar, and a ratchet handle.
