

**Specifications:**

- **Sealing Method:** Advanced vacuum sealing technology for effective air removal and extended shelf life
- **Package Compatibility:** Accommodates a variety of bag sizes and container types
- **Power Consumption:** 100 – 300 watts (model-dependent)
- **Sealing Time:** Adjustable sealing duration to suit various food types and packaging materials
- **Control Panel:** Available in digital or mechanical interface options for user-friendly operation

Features & Functions:

- Optional functions may include:
 - Marinating mode
 - Preservation settings
 - Cold sealing capability
- **Vacuum Pump:** Integrated high-efficiency pump for superior air extraction and sealing performance

Design & Build:

- **Construction Material:** Built from robust stainless steel or premium-grade plastics
