

Order Code : 20213547.5.2

Name : Zeeman apparatus

Specifications:

The atomic energy levels, the transitions between these levels, and the associated spectral lines discussed to this point have implicitly assumed that there are no magnetic fields influencing the atom. If there are magnetic fields present, the atomic energy levels are split into a larger number of levels and the spectral lines are also split. This splitting is called the Zeeman Effect. It consists of following instruments :-

Note: Specifications are subject to change, Photos shown above are Indicative, Actual Product can Vary.
