

Technical Specifications

- High voltage supply unit with digital display DC: 0... \pm 10 kV, 2 mA, which is capable to supply 3 continuously variable DC voltages isolated from earth and ground.
- Two of the voltages are connected in series with a total of 0 -10 kV DC (i.e., 2 x (0-5 kV DC)).
- Selectable positive and negative polarity with 3-figure LED display.
- Outputs short-circuit proof, special safety sockets, impact resistant, light stackable with retractable carrying handle and stand. Ripple: < 6 %. Supply voltage: 230 V.
- Short circuit current: max. 2 mA.

Note: Specifications are subject to change, Photos shown above are Indicative, Actual Product can Vary.
