

Product Overview

The Storage Cabinet is designed for secure, organized, and durable storage applications in laboratories, workshops, industrial facilities, and technical environments. Built with welded steel construction and a protective powder-coated finish, the cabinet provides long-term reliability and smooth drawer operation.

The cabinet incorporates full-extension ball-bearing drawer slides for easy access and secure latch retention to keep drawers fully closed and protected during operation.

Technical Specifications

Parameter	Specification
Product Name	Storage Cabinet
Drawer Slide Type	Full Extension Ball Bearing Drawer Slides
Load Capacity	Supports up to 100 lb
Drawer Retention	Secure latch retention system
Drawer Operation	Complete drawer extension with secure closing
Construction Material	All Welded Steel Construction
Surface Finish	Tough, Rust-Resistant Powder Coat
Color Finish	Black
