

**Overview:**

The Spatulas (Large & Small Set) are designed for mixing, spreading, and handling materials during laboratory and sample preparation processes. Manufactured with durable stainless steel blades and ergonomic wooden handles, these spatulas offer flexibility, strength, and ease of use. The set includes multiple sizes to accommodate different application requirements.

**Features:**

- High-quality stainless steel blades for durability and corrosion resistance
- Flexible blade design for smooth spreading and handling of materials
- Ergonomic wooden handles for comfortable grip and better control
- Suitable for mixing, transferring, and spreading various materials
- Easy to clean and maintain

**Technical Specifications:**

- **Type:** Straight spatula set
- **Blade Material:** Stainless Steel
- **Handle Material:** Wooden handle
- **Blade Design:** Flexible and corrosion-resistant
- **Sizes Included:** 150 mm, 200 mm, and 250 mm
- **Set Configuration:** Large and small spatulas for versatile applications
