

### General Characteristics:

The Interactive Touch Display Panel is designed to provide an intuitive and engaging learning environment suitable for classrooms, training centers, and conference rooms.

The system allows easy editing of images and videos and enables sharing of content in various image formats through QR codes. It provides various educational tools such as templates, rulers, tables, and notes to support intuitive and interactive teaching.

The display supports up to 40 simultaneous touch points, creating a realistic board-touch environment that enhances concentration and provides a familiar and comfortable learning experience.

The system includes import and export functions and allows users to save and retrieve resources directly from Google Drive and OneDrive. It also provides a convenient user environment for importing files from USB storage devices or browsing stored files.

A flicker-free function is applied to reduce screen flicker, minimizing eye fatigue such as headaches, eye pain, and blurred vision during extended use.

Corner rubbers are attached at all four corners to absorb shocks and enhance durability.

The structure features sturdy and lightweight aluminum columns with UV-coated base and front panels, providing a premium and sophisticated design. Supports are mounted on both sides of the column to securely fix the column and base. Two wheels include locking functions to ensure safe fixation when the unit is stationary.

**Technical Specifications**

- Viewing Angle (H × V): 178°
- Response Time: 8 ms
- Contrast Ratio: 1,200:1
- Color Depth: 10-bit (8-bit + FRC)
- Backlight Type: Direct LED
- Native Resolution: 3,840 × 2,160 (UHD)
- Lifetime: ≥ 30,000 hours
- Aspect Ratio: 16:9
- Panel Type: IPS
- Supported Operating Systems: Windows 7 / 8 / 10, Linux, Mac, Android
- Product Size (W × H × D): 1,700 × 1,020 × 88 mm or more
- Mounting Interface: VESA 800 × 400 mm or equivalent
- Product Weight: Approx. 48 kg (± 3 kg tolerance acceptable)
- Power Supply: 100–240V, 50/60 Hz

**Accessories**

- USB Cable (A-B Type, 5 m) – 1 No.
- HDMI Cable (3 m) – 1 No.
- Writing Pen – 2 Nos.
- Remote Controller (with batteries) – 1 No.
- Wi-Fi Module – 1 No.
- User Manual – 1 No.
- Power Cord – 1 No.
- Mobile Stand – 1 No.
