

**Specifications -**

Personal Protective Equipment (PPE) kits are perceived to be the safest product that provides maximum protection against possible contaminants or carriers. They are best suited for all healthcare and frontline workers.

PPE Kits are SS laminated coveralls that come with 99% bacteria-free efficiency. They are extremely comfortable for all-day wear with the perfect balance of strength and softness. Furthermore, they are splash resistant, and they filter all particles at 0.3 microns.

Constituents of PPE Kit

- 3 Ply Face Mask – without nose pin
- Safety gown
- Sterilized latex gloves
- Shoe covers
- Face cover
- Goggles
- Garbage Bag
