

**SPECIFICATIONS:-****Material Composition: Silicone, Solder****Power Source: AC****Power Rating: 765 W****Horsepower Equivalent: 765 W (Nominal)****Key Features:**

- **Dual Functionality:** Integrated **Soldering Iron** and **Hot Air Rework Station** for versatile electronic repair and SMD component work.
- **Adjustable Settings:**
 - **Fan Airflow Capacity:** Variable-speed airflow to match diverse soldering and desoldering applications.
 - **Soldering Iron Temperature:** Precisely adjustable for different solder types and components.
 - **Hot Air Rework Temperature:** Fully adjustable to ensure optimal reflow performance and component safety.
- **Handle Material:** Premium-grade, **thicker heat-insulated silica gel** for enhanced grip and prolonged safe use.

Note: Specifications are subject to change, Photos shown above are Indicative, Actual Product can Vary.
