

Stainless Steel Refrigerated Counter (Table) – 300 Lts

A durable stainless steel refrigerated counter combining food preparation surface with under-counter cooling storage. Widely used in commercial kitchens, bakeries, and training institutes, it enables hands-on study of compact refrigeration systems, airflow distribution, and temperature regulation in food-grade environments.

Technical Specifications

- **Construction:**
 - Outer Body: Food-grade stainless steel (SS 304)
 - Interior: Stainless steel or aluminum lining
 - Insulation: High-density polyurethane (PUF), CFC-free
- **Configuration:**
 - Tabletop for food prep
 - Under-counter storage (2–4 doors or drawers based on model)
- **Cooling Type:** Ventilated or static cooling
- **Temperature Range:** +2°C to +8°C (adjustable)
- **Refrigerant:** R134a or R600a (eco-friendly models)
- **Compressor:** Hermetically sealed, bottom- or rear-mounted
- **Defrosting:** Automatic or manual depending on model
- **Power Supply:** 230 V AC, 50 Hz, single-phase

Additional Features

- Digital temperature controller
- Lockable castor wheels (optional)
- Adjustable shelves or GN pan compatibility

Applications

- Cold storage for ingredients
- Training in commercial refrigeration design
- Practical demonstrations in culinary and hospitality education
