

### Specifications -

**【Wider Testing Range】** Get more with your auto battery tester! Compared to normal battery tester's testing range 100~1100 CCA, KW210 car battery tester is wider and more superior as it can test all 12V 100~2000CCA batteries compatible with regular flooded, AGM flat plate, AGM spiral, or gel batteries. It also covers most of the battery rating standards like CCA, BCI, CA, MCA, JIS, DIN, IEC, EN, SAE, GB, etc.

**【Faster & More Accurate】** One of the highlights on KW210 12V battery tester is its powerful STM-32 chip, which provides more precise testing reports within milliseconds, greatly improves the speed and ensures the accuracy. Besides that, KW210 is the only automotive battery tester that supports the UPDATE function (great support & new additions). It's time to analyze faster and better with the ultimate battery and alternator tester.

**【Display Overall Batteries Data】** After the test is fully done, our Car Auto Battery Load Tester gives you the basic battery parameters such as voltage, internal resistance, cold cranking amp and AH capacity, battery health and charge status. Additionally, the KW210 battery cca tester will also give you professional advice according to it then decide whether to replace or charge the battery and inform you about the battery status in advance to prevent possible battery failures.

**【Simple to Use Plug and Play Design】** Designed with simplicity and convenience in mind, the Battery load analyzer allows you to test batteries both in-vehicle and out-of-vehicle, and even test dead batteries. Just connect the tester's clips with battery then it will turn on and ready to test and analyze battery. It's that easy!

**【Starter& Alternator Tester】** KW210 is not only a great battery load tester that tests batteries cranking & charging system, but also can test alternator's charging and starter's cranking conditions. And it can switch up to 8 languages for different needs. Works for Vehicles/Marine/Motorcycle. Now there is nothing stopping you to get this car battery diagnostic tester RISK-FREE!
