

**Specifications -**

High accuracy and fast, precise results in a few minutes. Which supports straightline calibration for rapid quality control and is fully compatible with LIMS systems. Capable of performing a full suite of analyses, including:

- Phase identification
- Phase quantification
- Crystal structure refinement
- Crystallinity
- Size, strain, and stress analysis
- Statistical clustering
- Calibration line-based quantification methods

Note: Specifications are subject to change, Photos shown above are Indicative, Actual Product can Vary.
