

**Technical Specifications:-**

- Power supply: single phase three wires AC220V $\pm 10\%$ 50Hz or customized.
- Device capacitor: < 2kVA, Refrigerant type: Fluorine free refrigerant R410A.
- Dimension: 1250*660*1600mm.
- Net weight: about 70KG.
- Power supply main switch leakage protection $I_{\Delta n} \leq 30\text{mA}$.
- time $\leq 0.1\text{S}$ With emergency stop button.
- voltage, current indicator.
- Training Projects: - Understand windows type air condition each components structure Knowledge windows type air condition each components function.
- Master windows air condition system composition.
- Understand windows type air condition cooling and heating working principle.
- Understand latest fluorine free refrigerant R410A characteristic and attention Windows type air condition pressure holding practical training operation.
- Windows type air condition leak detection practical training.
- Windows type air condition vacuum pumping practical training.
- Windows type air condition refrigerant filling practical training.
- Explanation and application of pressure enthalpy chart.

Note: Specifications are subject to change, Photos shown above are Indicative, Actual Product can Vary.
