

Product Overview

The Training Lab Desk is a practical and durable workstation designed for training centers, laboratories, classrooms, and technical institutes. Its compact structure, foldable top design, and mobility features make it ideal for flexible learning environments. Constructed with a sturdy powder-coated steel frame and a high-quality MFC (Melamine Faced Chipboard) top, the desk offers long-lasting performance and ease of maintenance.

Features

- **Compact and Functional Design:** Suitable for laboratories, classrooms, and training environments.
- **Durable Construction:** Strong wooden desk top supported by a robust black powder-coated steel frame.
- **Foldable Top:** Allows easy storage and space optimization when not in use.
- **Mobility with Stability:** Swivel casters fitted with brakes ensure smooth movement and secure positioning.
- **Front Modesty Panel:** Black powder-coated metal front panel enhances durability and provides a neat appearance.
- **Low Maintenance Surface:** MFC top provides resistance to wear and easy cleaning.
- **Warranty:** Supplied with a two-year warranty.
