

Product Overview

This portable abrasive blaster is designed for efficient surface preparation, cleaning, and finishing across industrial, automotive, construction, and restoration applications. Built with a durable steel body and siphon-feed mechanism, it delivers consistent abrasive flow for removing rust, paint, grease, corrosion, scale, mold, and other surface contaminants.

Suitable for use on metal, wood, stone, fiberglass, concrete, and glass, the unit also supports decorative etching and surface texturing applications. Its portable design with wheels and pull handle enables easy movement across workshops and job sites.

Technical Specifications

Parameter	Specification
Product Type	Abrasive Blaster
Material	Steel
Feed Type	Siphon
Operating Air Pressure	60 to 125 PSI
Air Consumption @ 80 PSI	6.2 CFM
Hopper Capacity	40.8 kg
Tank Dimensions	10 × 23 inch
Hose Length	10 ft (304.8 cm)
Hose Inside Diameter	3/16 inch (4.76 mm)
Mobility Features	6-inch wheels with pull handle
Included Accessory	Blast Gun

Applications

This abrasive blaster is suitable for:

- Rust and corrosion removal
- Paint and coating stripping
- Surface preparation before painting or coating

Note: Specifications are subject to change, Photos shown above are Indicative, Actual Product can Vary.

- Cleaning grease, scale, mold, and mildew
- Restoration of metal, wood, stone, and fiberglass surfaces
- Concrete and masonry surface cleaning
- Decorative etching on glass, wood, stone, marble, and concrete

Compatible Abrasive Media

Supports a wide range of abrasive materials, including:

- Aluminum Oxide
- Glass Beads
- Metal Shot
- Silicon Carbide
- Ground Corncobs
- Ground Nutshells
- Mineral and industrial blasting abrasives

Key Features

- Durable steel construction for industrial use
- Portable design with wheels and pull handle
- Consistent siphon-feed abrasive delivery
- Wide operating pressure range for versatile applications
- Suitable for multiple surface materials
- Ideal for cleaning, restoration, and surface finishing tasks

Note: Specifications are subject to change, Photos shown above are Indicative, Actual Product can Vary.
