

Order Code	Description of Goods	Specifications Offered	Image
23246514.5	9V Original HW High-Quality Battery	<p>Constant 9V Output till lasts</p> <p>Metal Jacket Body</p> <p>Good Built Quality and hence Leakproof</p> <p>Easy to install and Replace</p> <p>Corrosion free Connector Point for long-term use</p> <p>0% Mercury and Cadmium. Environment-friendly</p> <p>OEM Compatible.</p>	
23246514.8	63/37 Tin Lead Rosin Core Solder Wire for Electrical Soldering - 0.8mm / 12g	<p>High Quality Material: Made of high quality Tin Rosin Core Wire RoHS compliant</p> <p>Easy to Use: Melting point melting point range: 185°C - 190°C (365°F - 374°F). Melts in a Perfect Flow, Evenly and Clean. Gives a smooth finish to any soldering job.</p> <p>Multi-Purpose: Can be used in a wide variety of Electrical Soldering jobs and repairs such as work and repair on:</p> <p>Smartphone and Tablet, Laptop, Game Console, Drone, RC Vehicle, AC, Headset, Radio, Audio, TV, Toys, Circuit board, Remotes and other electrical devices.</p> <p>Package Contains: 1x Lead Free Solder Wire 12Grams 1x Plastic Tube that protects the solder from dirt and moisture. Also it is great to take to on-site repairs.</p>	

Note: Specifications are subject to change, Photos shown above are Indicative, Actual Product can Vary.

<p>23246514.10</p>	<p>150 Watt Hot Melt Glue Gun</p>	<p>Air Volume : 150 watts Power Consumption : 150watts Temperature Range : adjustment temperature Usage/Application : Industrial grade Glue Gun, art and craft Cup Capacity : 10 to 12 mm diameter Frequency : 80 to 150 watts Nozzle Size : 1.5 inch Variable Temperature Control : yes Voltage : 150 Heat Up Time : 3 min Cable Length : 1 Meter Weight : 150gms Made in : India</p>	
<p>23246514.11</p>	<p>Transparent Hot Melt Glue Stick for Glue Gun</p>	<p>High transparency brings a good look at the join position. Being colorless and odorless makes a comfortable working environment. Long open time improves application flexibility. Versatile for a wide range of substrates.</p>	
<p>23246514.12</p>	<p>Solder Gun Iron 60W Temperature For Auto Welding Soldering</p>	<p>New and Imported 220V 60W Automatic Soldering Iron Gun Hand Welding Tool with Solder Wire , tough Geyotar, Output Power:60W, Input Voltage:220V, Output Temperature:300-400Celsius, Dimensions:19CM, Temperature Stability:1, Use : Hand gun used for the first time, be warm a few minutes, a smoke is a normal phenomenon, will disappear in a few seconds. Will be rated into the tin from the tin line into the mouth, and then pull the trigger direction of the arrow until the tin lead</p>

		<p>solder wire to the nozzle only to be working. Stop the use or replacement of tin wire to be out, as long as the direction of the board-up drive, and remove the tin wire. Heater replacement, the first protective cover removed, open the heater connection, and then remove the iron Tsui to the core of the heat can be replaced. Parcel included: 1* Pcs 60W electric iron gun 1* Pundle solder wire (as the picture) 1* Pcs suction tin device 1* Pcs tweezers</p>

<p>23246514.22</p>	<p>RJ45 and RJ11 Network Cable Tester</p>	<p>The base unit of the cable tester can be connected via a network cable directly to a hub or switch to test wire connections, or to a network card to test the send receive pairs of wires, it can test if there is any open or miss-wire without the remote kit. 9 Led's to show you exactly which wire is open or miss-wire on both remote and master unit. Old version has 4 Led's. Master and Remote unit are both included. Automatic scan mode, Rapidly Testing. Power switch is not a push button will not easily turn on and waste battery." "Test the correct pin configuration of 10/100 Base-T 10Basc-2 Thin Ethernet cable Easy to verify cable continuity, open, short and miss-wire With remote kit, it can remotely test cable up to 1000 ft in length either on wall plate or patch panel. Can test the grounding. Auto scan with 2 speeds for pin-out Indicators. A power switch is provided for saving Battery Power. 9 Volt Battery.</p>
