

**Specifications:**

- OTC's Belt Tension Gauge is designed to allow you to properly check belt tension on drive belts.
- Correct tension ensures maximum belt and bearing life.
- Easy to read dual scale reads 30-180 lbs. (2.5-15 ft. lbs.) and 130-800 Newtons.
- High-grade materials ensure quality performance over the lifetime of the tool.
- For use with belts on cars, trucks, SUVs, and motorcycles.
- Value is at the core of the OTC tool and equipment portfolio.
- Whether it's a simple repair or the most complex drivability concern, these award-winning tools universally solve problems faster, and at better value, than any other product line available.
- Whether it's a specialty tool or unique piece of service equipment, OTC provides top solutions to modern automotive service challenges while increasing technicians' productivity and shop profits.
