

Product Overview

The **Laboratory Wash Basin with Central Sink Bench** is designed for educational, research, and industrial laboratories. Constructed from **cold-rolled galvanized steel**, it provides excellent corrosion resistance, durability, and long service life. The unit features an integrated laboratory sink with a spacious work surface, making it ideal for sample washing, glassware cleaning, and general laboratory operations.

Technical Specifications

| Parameter | Specification |
|--------------------------|--|
| Product Type | Laboratory Wash Basin / Central Sink Bench |
| Construction Material | Cold Rolled Galvanized Steel |
| Bench Type | Central Laboratory Sink Bench |
| Overall Size (L × W × H) | 1500 × 700 × 900 mm |
| Work Surface | Integrated Laboratory Worktop |
| Sink Type | Central Laboratory Steel Sink |
| Corrosion Resistance | High, Suitable for Laboratory Use |
| Installation | Floor Mounted |
